The Ballots We Never See

Allow 45-55 minutes for Class. You have the records you need inside the activity.

Open For Class

Enter your name and course or section. Select **Enter the election desk**. Make your first headline choice and forecast before the private survey opens.

Write and record four responses

Follow the prompts and evidence checks. Type in the answer box, then select **Record response**. You can paste text copied from that same answer.

Edit the headline	**60 words minimum**
Explain the circle gap	**65 words minimum**
Compare two kinds of change	**55 words minimum**
Meadow Crossing memo	**75 words minimum**

Review evidence and resume a draft

Use **Review records** while drafting and **Return to response** to come back. **Case tools** has the glossary. Use **Save and pause** and **Resume Class** in the same browser, then select **Continue your draft** when it appears. To switch devices, download a progress backup in Case tools and use **Restore a progress backup** on the new device.

Submit one PDF

Select **Finish investigation**, then **Download PDF** on the Report screen. You can also choose **Print or save as PDF**. Open the file and check your name, all four responses and the last page. Upload the PDF to Canvas and confirm submission there.

For Fun has optional writing and takes about 20-25 minutes.
